

Requirements for
Electrical Installations

18th Edition Wiring Regulations BS7671

C&G 2382

**3 day
course**

This qualification ensures that you are up-to-date with the latest industry regulation on wiring and the safe use and operation of electrical equipment and systems. It covers the 18th edition of the IET Wiring Regulations.

18TH EDITION WIRING REGULATIONS

BS7671 CITY & GUILDS 2382

OVERVIEW

Working towards the full Level 3 City & Guilds 2382 certification, all candidates are required to complete the full course, as no updates are available.

The 18th Edition Wiring Regulations are the British Standard (BS7671) to which all electrical installation works must comply. British Standard BS 7671 "Requirements for electrical installations" is the national standard in the United Kingdom for low voltage electrical installations

The latest edition of the regulations is the "Requirements for Electrical Installations: BS 7671:2018. The 18th Edition of the IET Wiring Regulations was published on July 2018. It has since been amended and is now working to Amendment 1:2020.

You may also hear it referred to as: "Wiring Regs", "The Regs", "18th Edition Wiring Regs" or "BS7671"
